### Intentional Discipleship

**Zoom meeting - link will be sent by email**

Intentional Discipleship is the conscious, "all-in" decision to follow Jesus (Schaupp and Everts). Not only is this an individual commitment that a person makes to follow Christ, but it is also a commitment to follow Christ within the community of God's people called the church. Intentional discipleship is seen in the both/and of our relationships with one another and our personal relationship with Jesus. This presentation will talk about seeing discipleship as a process of actively shifting individual personal commitments as well as church culture to align with our historic understandings of grace, accountability, and forgiveness.

There is no cost to attend.
